

CASE STUDY: BUSINESS ANALYSIS

Anita's Veg *Cafe*

Where homely flavors meet data-driven insights

<> Project 1: Business Intro & Data Structures

THE BEGINNING

A Passionate *Home Cook*

In early 2021, Anita transformed her love for cooking into a cozy vegetarian café. What started as a small venture quickly became a neighborhood favorite.

Young Professionals

Quick bites, busy lives

College Students

Affordable & filling meals

Homely Food

Comfort in every bite

A Taste of *Home*

Paneer Butter Masala

Rich & creamy, always in demand. The ultimate comfort food.

🔥 Best Seller

Veg Biryani

Flavorful rice dish, perfect for sharing. Aromatic spices.

👥 Shareable

Masala Dosa

South Indian classic that sells throughout the day. Crispy delight.

🕒 All Day

THE SHIFT

From *Intuition* to Insight

Anita started like most owners—relying on gut feeling. But as the café grew, she needed to understand the story behind the sales.

Loyalty Program Launched

Earning points for repeat purchases

THE NEW QUESTIONS

Which dishes are most loved?

How is loyalty shaping behavior?

What strategies drive growth?
